ARIZONA NEWS AND COMMENT

The circus of Ringling Brothers, seems to be the chief attraction in Tucson just now.

The appearance of contractor's representatives for the purpose of looking over the line surveyed for the railroad of the Cananea Consolidated Copper company from Del Rio on the Cananea, Yaqui River & Pacific railroad to the Chihuahuana line in the Sierra Madre mountains indicates that construction will begin at no distant date. The contractors are preparing to submit bids.

Reports from the Blue Bell mine in Yavapai county say that the shipping of 500 tons of copper ore daily to the Consolidated Arizona smelter at Humboldt will soon begin and be continued indefinitely. The Blue Bell mine is owned by the Consolidated Arizona Smelting company.

Representatives of the Reidville Oil company are now in the east endeavoring to raise the capital necessary to begin boring for oil in the Santa Rita mountains.

It seems reasonably sure now that Secretary of the Interior R. A. Ballinger and Postmaster General Frank Hitchcock will come to Arizona shortly after President Taft makes his visits in the territory.

Tucson is mourning over the death of Mrs. E. N. Fish, the woman who had charge of the first public school in that city, and the person, who, more than any other, was credited with building up Tucson's efficient school system.

The bowling craze has struck Bisbee. The organization of an eight-club league is now under way.

Material is now on the ground for the building of a telephone line between Douglas and Cananea.

As Fred Sutter, city attorney of Bisbee, is regular counsel for the Moore Fuel & Feed company, which is bringing suit for \$5,000 against the city, the city will be served by another attorney in contesting the suit.

At the inquest held over the body of Bert Smith of Bisbee, who was recently shot by J. P. Chase, a verdict of "death from a gunshot wound, said gun being in the hands of J. P. Chase," was returned.

Deer are said to be plentiful in the vicinity of Flagstaff this fall. At Fry Park, as one story goes, a man went out before breakfast a few days ago and returned with two bucks, in time to have his morning meal at the usual hour.

Two deaths by accident occurred at the Gardner shaft of the Copper Queen mine at Bisbee on Monday. The men killed were Mike Welch and Willie Johnson. Both were well known in Bisbee.

Preparations are now being made to put in working order the plant on the Bunker Hill mining property at Tombstone. This work is being done by the Chicago Exploration company, which has sent a representative there to take charge of operations.

Next Sunday, a religious meeting for the Pima and Maricopa Indians will be held at the Second Pima church near Gila Crossing. Rev. F. V. Richards,

It is reported that the older element of Wenden, Ariz., is now watching with interest to see what will be the fate of a new school teacher who has just come from Illinois to begin her duties. Hitherto, the dainty "school-marms" of Wenden have been much sought after as wives by the Wenden swains and some residents predict that the latest arrival will meet with the same pleasant fate.

It is said that to George L. Wood of the Coliseum at Phoenix belongs the credit of having trained twenty of the horses, ponies and zebras of Ringling Brothers' circus. Mr. and Mrs. Wood traveled with the Ringling show for a number of years.

Fish and Game Commissioner Verkamp has liberated in Oak Creek, near Flagstaff, 15,000 trout sent to Arizona by the United States Fish commission.

The building of a large customs smelter on the Twin Buttes line of railway at a point between fifteen and twenty-five miles from Tucson, is said to be under contemplation by a group of eastern capitalists. It is understood, however, that the location of the smelter in Pima county depends upon the ability of the mining interests of that section to show that the possibilities for production justify the building of a smelting plant.

CONGRESS COLORS MAKE BILLINGS CITY PRETTY FOR DRY FARMERS' MEET

Green and white have been selected as the official colors of the Fourth Dry Farming congress, which will meet at Billings, Mont., October 26-28. The entire scheme of decoration of the city is planned by the committee, of which J. F. Roche is chairman, is designed to show combinations of these colors which have been selected as symbolical of the congress and its work. The decorations will include numerous electric lights, fifty extra lamps being provided for the exposition hall and the principal streets. Hundreds of incandescent lamps will be strung across and along the centers of the streets and the buildings in the business district will be illuminated with extra lights. When the buildings are hung with the green and white drapery, topped, as many will be, with the Stars and Stripes, and the lights turned on, Billings will present a scene of brilliancy eclipsing all previous attempts to enhance its natural beauty.

Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific. Thousands of people rely upon it. Here is one case:</p> <p>Louis Troutz, Seepel Hotel, Prescott, Ariz., says: "I know Doan's Kidney Pills to be worthy of all the praise given them. At times I could hardly straighten and my back grew so lame that I thought I would have to give up. Learning of Doan's Kidney Pills, I procured a box and soon after commencing their use I noticed an improvement. The contents of two boxes completely cured me and I have had no kidney trouble since. Doan's Kidney Pills are worthy of my endorsement."</p> <p>For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.
